Anargiros Tzerefos

Athens, Greece | tzerefos.anargiros@gmail.com | +30 6948737871 | LinkedIn

PROFILE

Full-Stack Engineer with 5+ years of experience building production-grade web applications and microservices. Skilled in Python backend development (FastAPI, Flask, Django), modern frontend frameworks (React, Vue), and containerized deployments with Docker and Kubernetes. Experienced in designing scalable REST APIs, database architectures, CI/CD pipelines, and data workflows.

EDUCATION

MSc in Data Science — NCSR Demokritos & University of Peloponnese (2023)

BSc in Computer Science & Telecommunications — University of Peloponnese (2019)

TECHNICAL SKILLS

Backend: Python (FastAPI, Flask, Django), Yii (PHP), REST API Design, JWT Authentication

Frontend: React, Vue.js, JavaScript (ES6+), CSS, Tailwind, Material UI, Typescript

Databases: PostgreSQL, MySQL/MariaDB, MongoDB

DevOps & Infrastructure: Docker, Kubernetes, GitHub Actions, GitLab CI/CD

Data & ML Tools: Apache Airflow, MLflow

Other: Git, Linux (Ubuntu)

PROFESSIONAL EXPERIENCE

Full Stack Engineer — Athena Research Center

2019 – Present

- Designed and implemented RESTful APIs using FastAPI.

- Developed and deployed Dockerized microservices to Kubernetes environments
- Designed relational and NoSQL schemas and optimized queries through indexing.
- Built React/Vue frontend interfaces integrated with backend services.
- Implemented CI/CD pipelines with automated testing using pytest.
- Orchestrated data pipelines with Apache Airflow and tracked ML experiments using MLflow.

Greek Mandatory Military Service — IT Support / Systems Administrator — Hellenic National Defense School

2023 – 2024

- Maintained secure network infrastructure and Windows Server environments.
- Administered and extended Moodle LMS platform.
- Managed WordPress frontend/UI and internal web systems.
- Provided system administration and end-user technical support.
